MEMBERSHIP

The Museum Trustee Association (MTA) provides trustees with training, guidance, and forums for idea exchange in order to help trustees effectively perform their governance roles. Our mission is to enhance the effectiveness of museum trustees throughout the Americas.

MTA is directed by museum trustees for museum trustees. Membership is open to all governance structures including policy boards, advisory boards, director's councils, etc. Our focus on the leadership partnership between directors and trustees supports the advancement of each institution we work with.

At our events, in our newsletters, and in panel appearances across North America, we focus on the unique needs and responsibilities of museum trustees.
